## Grayslake Colts Football & Cheerleading

### Mandatory Family Concession Commitment

The Grayslake Colts is a volunteer organization which can only run successfully by having every parent give their dedication and time.

#### Mandatory Family Concession Commitment:

Families will have the opportunity throughout the year to sign up for open one-hour shifts using the on-line sign-up. The shifts you sign up for do not have to be during your child's game time.

The program is also offering a buyout if you do not want to participate in the mandatory concession program ... the buyout will be \$50.00 per Family.

#### Responsibilities and Training

Volunteers will undergo a brief training course to familiarize them with the operation of the concession stand and/or the wearable table at the beginning of their shift.

By choosing to participate in the Colts program I am committing to work when scheduled. If I am scheduled and do not show up for my scheduled shift, I will be billed \$75. If I fail to sign up to volunteer, I agree to buyout at a cost of \$75, and I will be billed. No one under the age of 18 years old is allowed to work in concession duties.

\_\_\_\_\_ **Initial here verifying you understand these terms.**

**If I choose *NOT* to participate in the Colts Concession Program, I agree to buyout at a cost of \$50.00. In buying out of the program, I will not be responsible for any work-shift related to the concession stand or wearable area only.**

I understand that buying out of concession work **does not eliminate my other volunteer obligations** with the Colts (Field setup assistance, Chain Crews, Scoreboard, Cheer / Poms Competitions).

- I choose to participate in working the required 2 one-hour shifts at the concession stand or wearable table
- I choose to buyout at a cost of \$50.00 (due at registration)
